## Warrant for School Meeting

---

### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Brookline  
qualified to vote in district affairs:

You are hereby notified to meet at the Daniels Academy Building in said district on the 10th day of March, 1934, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year, July 1, 1934 through June 30, 1935.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.
9. To see how much money the district will raise and appropriate for repair and alteration of school property, for new con-

struction, for new equipment, and for improvement of school grounds; and for insurance; or take any other action in relation thereto.

10. To see if the district will vote to adopt the provisions of Chapter 123, Public Laws of 1931, providing for medical inspection of school children.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Brookline this eighth day of February, 1934.

## Report of Superintendent of Schools

To the School Board of Brookline:

I herewith submit my fifteenth annual report which is also the fifteenth in the series of such reports.

### ORGANIZATION OF UNION NO. 40

The action of the last legislature has made it necessary for the State Board of Education to decrease the number of supervisory unions in the state. This has resulted in Bedford taking the place of Hollis in Union No. 27, and Hollis being attached to Union No. 40. The Union now is as follows, with percentage of joint expense borne by each district, as determined by a joint meeting of all school boards concerned, shown in parenthesis: Amherst (17%), Brookline (8%), Hollis (14%), Milford (56%), Mont Vernon (5%).

Last year, without Hollis in the Union, Brookline's share was 10%.

### TEACHERS AND ENROLLMENT

The two teachers at the Primary Building returned in September but Miss Tarr at the Grammar Room declined reelection to accept a desirable position in Goffstown High School. Her position was filled by the election of Miss Josephine Altenau of Manchester, and a graduate of the four-year curriculum at Keene Normal School. The grammar room this year has grades VII and VIII only, with grade VI retained in combination with grades IV and V. Miss Woolson, of Woodsville, who came to us in September 1932 after two years of experience in Stewartstown, has recently been released from her position in Brookline to accept a single fifth grade in Colebrook. To fill the vacancy Miss Eleanor Morrill of Andover, New Hampshire, has been secured. She is a graduate of Bridgewater Normal and Boston University, and has had several years of experience in elementary grades. She will begin her duties February 26.

For statistical data of enrollment at present, the following table has been prepared:

## ENROLLMENT AND AGE-GRADE TABLE AS OF JANUARY 31, 1934

Grade	I	II	III	IV	V	VI	VII	VIII	Total
Age 5-6	1								1
Age 6-7	8	2							10
Age 7-8	1	5	1						7

Enrollment as of January 31 for last ten years:

74    68    69    80    90    88    86    94    91    92

Pupils attending Milford High School, January 31: Charlene Armstrong (X), Barbara Bishop (IX), Esther Bishop (IX), Gladys Corey (XI), George Fortier (IX), Roger Morse (IX), Philip Ouellette (P. G.), Beatrice Whittier (XII), Fred Whittier (IX).

Pupils attending Nashua High School, January 31; Thelma Beaubien (X).

## TRANSPORTATION AND HIGH SCHOOL

The problem of providing further instruction beyond grade eight for pupils not yet fourteen years of age—as discussed fully in last year's report and as required by law—was settled by arranging for transportation for such pupils to Milford High School. This route was easily combined with a return load of elementary pupils to Brookline village. Incidentally other high school pupils over fourteen years of age have a convenient opportunity to secure transportation to high school and several are availing themselves of it.

## REPAIRS AND ALTERATIONS

On the whole the school plant is in reasonably good condition. However, interior painting will be necessary soon at the grammar room on account of the new ceiling which was put on a few weeks ago by the Selectmen; also another coat of paint on the primary building rooms would add much to their appearance.

Permanent repairs to the side porch at the grammar building should not be delayed much longer—in fact, it would be well to undertake the project during the next summer vacation.

Heating and ventilating are important factors in the physical and mental development of children who must spend many hours grouped together in classrooms. It is just as important that the room temperature should not be too high as that it should not fall below 68°, but still more important is the removal of breathed air which should be done by use of a ventilating flue extending from near the floor level through the roof to the outside air. Properly installed, this will exhaust the foul air which will then be constantly replaced by fresh heated air. This fresh air should be taken from out of doors and not be reheated air from the room itself. At the Grammar Room this could be accomplished by installing a ventilating pipe in the northeast corner and using the regular windows with window guards for fresh air intakes. At the Primary Building it may be advisable to secure the opinion of an expert engineer.

At present there is no water at the Primary Building, the supply for drinking purposes being brought in from outside. For some years a system of chemical toilets has been in use. The life of such a system is usually less than fifteen years, that is, the tanks and connections would have to be renewed. Looking ahead to such a time, it might be well to attempt to secure a water supply which could be used for a flush toilet system as well as for washing and drinking purposes.

## CONCLUSION

In these days of depression it is gratifying to report that in spite of the necessity of reduced budgets, teachers have accepted conditions cheerfully and loyally, and pupils have cooperated in minor savings with the result that standards of teaching and learning have been maintained. It should be remembered, however, that a child has his childhood but once and that "we all need

to hold firmly to that higher security which consists of what one is, not what one has." To this end, standards and opportunities should be maintained each year for the girls and boys who in a very short time will be the citizens who must meet the problems of tomorrow. President Franklin D. Roosevelt challenges us with this statement, "This crisis can be met, but not in a day or year, and education is a vital factor in the meeting of it."

Respectfully submitted,

HAROLD C. BALES

## Report of School Nurse

---

To Mr. Harold C. Bales, Superintendent of Schools, Brookline, N. H.:

I herewith submit my second annual report of health work in the Brookline schools, it being the fourteenth year of this work.

The annual medical inspection was made September 28 by Dr. Abbott Winograd of Nashua, the nurse assisting. Dr. Winograd's report gives a tabulated record of the defects found.

Eye examinations have been made and four pupils were found to have defective vision. I expect to have these corrections made before the spring term. Since last report four children have had visual corrections. Aid for this was received through the Department of Public Works.

A very successful dental clinic was held in June at which twenty-school children received necessary dental corrections. Donations toward this were received from the Legion, Red Cross, and other organizations. I would like to see a larger per cent of pupils receive dental attention this year. This can be attained only through cooperations of parents as they can realize and appreciate the importance of proper dental treatment during childhood. "Better Teeth" is one of our major health goals.

Through the cooperation of Mrs. Carrie Price from the State Department of Health using C. W. A. funds, a dental clinic for cleaning teeth was held January 16 and 17, at which many school and pre-school children received benefit.

Twenty pupils received one-half pint of milk at school each day for a period of ten weeks beginning March 1933. Since November thirty pupils have been receiving the same service each day and this is to continue the remainder of the school year. The project is being supported by Federal Relief money.

Funds received from the State Department of Education are now available to start a project for serving a hot dish each day to the children who bring their lunches and cannot supply the extra hot dish themselves.

Cod liver oil is available from the school nurse for the children who need it.

Twelve children were vaccinated at the pre-school clinic in July. There are still two unvaccinated children attending school without proper excuse.

Fifty-six school room visits were made in the past year consisting of class room inspections, short talks on personal health, and special attention to individual children as needed. Home visits were made when necessary for instructive and corrective work.

Questions from parents and others interested in school health work are always welcome and I am always glad to assist parents in bringing about necessary corrections.

Respectfully submitted,

VENITA H. CARTER, R. N.
